INTRODUCTION

The Safe Schools Against Violence in Education Act (SAVE) was passed by the New York State Legislature and signed into law by Governor Pataki on July 24, 2000. Project SAVE culminates the work of the Task Force on School Violence chaired by Lieutenant Governor Donohue. The Task Force consisted of a broad range of qualified people from all parts of the state including students, parents, teachers, school administrators, law enforcement experts, business leaders, mental health professionals and local elected officials. From its inception in January 1999, the Task Force sought information concerning the best school violence prevention and intervention practices in the state and the nation. Ten public hearings were held throughout the state, providing a rich array of recommendations from local communities about ways to ensure the safety of New York's students. The Task Force's final report, *Safer Schools for the 21st Century*, contained a series of recommendations intended to reduce incidents of violence in schools and strengthen schools' capacities for responding to emergencies that could affect the health and safety of children.

The New York State Board of Regents approved amendments to the Regulations of the Commissioner of Education as emergency measures in November 2000 to ensure compliance with the new legislation. The revised regulations in Section 155.17 of the Commissioner's Regulations contain the requirements for schools concerning school safety plans. A major component of SAVE is the development of school safety plans at the district and at the school building levels. At the district level, the new *District-Wide School Safety Plan* replaces the current school emergency management plan that is required for all districts. At the school building level, a newly required *School Building Emergency Response Plan* must be prepared for each school building in the state. Together, these plans are intended to provide the means for each school district and all the buildings in the district to respond to acts of violence and other disasters through prevention, intervention, emergency response, and management.

A. PURPOSE

The District-Wide School Safety Plan was developed pursuant to Commissioner's Regulation 155.17. At the direction of the Clarence Central School District Board of Education, the Superintendent of Clarence Central School District appointed a District-Wide School Safety Team and charged it with the development and maintenance of the District-Wide School Safety Plan.

B. DISTRICT-WIDE SAFETY TEAM MEMBERS

The Clarence Central School District has created a District-Wide School Safety Team consisting of, but not limited to, representatives of the School Board, students, teachers, administrators, parent organizations, school safety personnel and other school personnel.

District Wide Nurse Coordinator

Director of Facilities

Administrator/Director of Health, Physical Education & Athletics

BOCES Safety Risk Management Coordinator

Business Administrator

District Medical Directors

Director of Family Resource Center

Senior Microcomputer Technical Support Specialist

NYSIR (Insurance Company representative)

Clarence Emergency Coordinator

Willis Insurance Agent representative

CTA representative

CSEA representative

CAA representative

Transportation Department representative

PERMA Insurance (Worker's Compensation carrier representative)

Principals/Administrators

Teachers

Community Members / Parents

C. CONCEPT OF OPERATIONS

- The District-Wide School Safety Plan shall be directly linked to the individual Building-Level Emergency Response Plans for each school building. Protocols reflected in the District-Wide School Safety Plan will guide the development and implementation of individual Building-Level Emergency Response Plans.
- In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team.
- Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified.
- Efforts may be supplemented by county and state resources through existing protocols.

D. PLAN REVIEW AND PUBLIC COMMENT

- This plan shall be reviewed and maintained by the District-Wide School Safety Team and reviewed on an annual basis on or before September 1 of each year.
- Pursuant to Commissioner's Regulation 155.17(e)(3), this plan was formally adopted by the Clarence Central Board of Education in 2001 after a 30 day public comment period. While linked to the District-Wide School Safety Plan, Building-Level Emergency Response Plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.
- A copy of the District-Wide School Safety Plan and any amendments were submitted to the New York State Education Department within 30 days of adoption. Building-Level Emergency Response Plans must be filed with the State Police and local law enforcement within 30 days of adoption, but no later than October 15 each year. Beginning in the 2017-18 school year, plans must be entered in the Safe Schools application on the State Education Department Business Portal.

SECTION 2000: GENERAL EMERGENCY RESPONSE PLANNING

A. Identification of sites of potential emergency, including:

- Building Safety and Security2100
- Identification of Sites of Potential Emergencies Guideline2101
- The location of potential sites (On-Site/Offsite).....2102

B. Plans for taking the following actions in response to an emergency where appropriate, including but not limited to:

- Emergency closing2205
- Early dismissal2210
- Evacuation (before, during and after school2215
hours, including security during evacuation and
evacuation routes)
- Hold In Place/Shelter in Locations2220
- Lockdown2225
- Lockout.....2226
- Sheltering Sites(On Campus/Off Campus)2230
- Agreements 2235 - 2240

C. The identification of district resources which may be available for use during an emergency, including the identification of personnel and other resources.

- Student/Staff Populations.....2300
- Personnel Resources 2305 - 2310
- Communication Resources 2315 - 2316
- Transportation Resources2320
- Vehicle Inventory.....2325

**SECTION 2000: GENERAL EMERGENCY RESPONSE
PLANNING - Continued**

D. Description of procedures to coordinate the use of school district resources and manpower during emergencies, including:

- Identification of the officials authorized to2400
make decisions (Chain of Command)
- Variations of Emergencies and Chain of Command2401
- Command Center Location2402
- Identification of the staff members assigned to 2403 - 2406
provide assistance during emergencies, district,
building level
- Public Information/Media Notification Plan.....2410

E. Procedures for annual multi-hazard school training for2500
staff and students, including the strategies for
implementing training related to multi-hazards

F. Procedures for the review and conduct of drills and other2600
exercises to test components of the emergency response
plan, including the use of tabletop exercises, in coordination
with local and county emergency responders and prepared-
ness officials

BUILDING SAFETY AND SECURITY

General

- School safety assessment –a strategic evaluation and facilities audit to identify emerging and potential school safety problems, consisting of:
 - A building safety audit conducted with law enforcement, (School Safety Audit Checklist) Note: not included with this plan.
 - Ongoing Emergency Drills (evacuation, lockdown, shelter in place and hold in place drills) in accordance with NYS Education Law §§ 807
 - Annual Fire Inspections in accordance with NYS Education Law §§ 807-A
 - Building Safety Inspections conducted by NYSIR
 - Each Building and District Safety Team are trained each year by a group headed by the Town of Clarence Emergency Coordinator using the Incident Command System (ICS).

A. IDENTIFICATION OF SITES OF POTENTIAL EMERGENCIES

GUIDELINES

When developing a specific list of potential sites for emergencies, *at the building level*, there are many variables that could serve as a catalyst or provide the environment for an emergency to take place at that site. Sites that have these variables or environment have been considered in the following list:

ON-SITE

- various chemical storage areas
- welding/hot work area
- indoor vehicle transportation areas
- compressed gas storage areas
- paint spray booths
- areas of student congregation
- student/teacher/administrator conference area
- swimming pool filter area
- athletic fields
- playground areas

OFF-SITE

- major highways (chemical transport)
- airport (flight path)
- railroad
- certain industrial sites (refineries, etc)
- creeks

This list can be used as a guideline to help assist in the development of the building level site of potential emergencies. It may not be all-inclusive.

A. IDENTIFICATION OF SITES OF POTENTIAL EMERGENCIES

LOCATIONS

OFF-SITE

BUILDING	SITE	MATERIAL
Buffalo Crushed Stone	8615 Wehrle Drive, Williamsville, NY 14221	Explosives
Additional Sites	Route 5 (Main Street) & Gunville	Various vehicles transporting various hazard materials/may be a potential hazard for HS, HH and SH Elementary
Various Fuel Stations	Wilson Farms, Red Apple Sunoco Station/Clarence Center Noco Station/Sheridan Hill	Petroleum products
Buffalo Niagara International Airport	Genesee Street, Cheektowaga	Potential "Glide Path"

**B. PLANS FOR TAKING THE FOLLOWING ACTIONS IN
RESPONSE TO AN EMERGENCY WHERE APPROPRIATE**

EMERGENCY CLOSINGS

In the event it is necessary to close school for the day due to inclement weather or other emergency reasons, announcement thereof shall be made over local radio and television stations designated by the Board of Education.

Additionally, the school's emergency alert notification system will send phone calls, texts and emails to parents and guardians. Further information on building closures and other alerts can be accessed by calling the district hotline at (716) 407-9129. Information on bus emergencies can be obtained by calling (716) 407-9098.

When school is closed, all related activities, including athletic events and student activities, will ordinarily be suspended for that day and evening.

The attendance of personnel shall be governed by their respective contracts.

EARLY DISMISSAL RECOMMENDATIONS

In the event of an imminent emergency that requires specific **EARLY DISMISSAL** procedures, they are as follows:

The EARLY DISMISSAL procedure will be implemented when a situation such as heavy snow warning, etc. is imminent. This would occur at any time of the day after the children are on their way to school, or while school is in session. The district order would be given by the superintendent of the school district.

1. Contact each district's transportation department to provide for go home procedure.
 - a. Teachers and students return to homeroom.
 - b. Attendance of all students should be taken by teachers.
 - c. Names of students not accounted for should be referred to office.
 - d. Teachers and students should remain in place until directions for dismissal are given.
 - e. Good conduct and discipline standards are to be enforced.
 - f. Special considerations should be given to:
 1. Students with special needs – contact transporting agency
 2. Student drivers dismissed to go home if situation permits
 3. Day care children – notify parents to pick up children
2. Information for reason of early dismissal may be shared with teachers and students as deemed necessary.
3. Information:
 - a. Explanation of situation
 - b. What is being done
 - c. Anticipation of length of time
4. Communication with parents or media as necessary.

EVACUATION RECOMMENDATIONS

In the event of an imminent emergency that requires specific **EVACUATION** procedures, they are as follows:

1. The central office, emergency coordinator or building administrator, upon realization or notification from a public official (fire chief, police officer, local or county disaster official), of a natural or man-made disaster will notify one another of the impending emergency and inform each other of the current situation.
2. Contact with local fire or police will be made by the building administrator.
3. The building administrator will inform his/her staff of the decision to evacuate and where the building population will be evacuated to.

Items to consider for evacuation:

- a. Total accountability of students and staff
- b. Students and staff with special needs
- c. Transportation – District
- d. Time of travel and length of stay – temporary
- e. Notification of parents/guardians
- f. If short term sheltering is necessary, notify the site(s) the occupants will be taken to.

NOTE: Standard fire evacuation procedures may be used.

4. Building office staff should secure pertinent resource information such as emergency cards, computer data disks with student information, etc. Teachers should carry plan book or class registers.
5. Transportation needs.
6. Students should prepare for evacuation **AS TIME PERMITS**
 - a. Coats, lunches, books
 - b. Consideration to walkers and students with cars

HOLD IN PLACE/SHELTER IN LOCATIONS

Shelter in Place

There are times when it is necessary to move the school population to a single or multiple location(s) in the school building. This is called a “Shelter in Place”. In most cases, a shelter in place is conducted when there is a threat of or actual weather related incident or a bomb threat.

Hold in Place/Shelter in Locations Objectives

- To minimize injury death.
 - To locate and contain any device or weather damage.
 - To facilitate emergency responses.
 - To establish safe routes and designated areas.
1. The Hold/Shelter in Place procedure may be implemented in two ways:
 - a. HOLD in place:
 - Teachers and students remain in assigned rooms.
 - All students should be accounted for roll-call by teachers.
 - Names of students not accounted for should be referred to attendance officer.
 - Teachers and students should remain in place until either given further directions or released by building administrator.
 - Good conduct and discipline standards are to be enforced.
 - b. SHELTER in location(s):
 - Teachers and students will be given directions as to where to assemble.
 - Movement of students to locations should be done in a quiet, orderly fashion.
 - Students should be accounted for by roll-call by teachers.
 - Names of students not accounted for should be referred to attendance officer.

NOTE: Use central locations during non-weather emergencies or when occupants are not in danger of structural failure.
 2. Superintendent notification.
 3. Information about the situation should be shared with teachers and students as deemed fit. This should be done by best communication method.
 4. Information:
 - a. Spoken in a calm, controlled manner.
 - b. Explain the situation.
 - c. What is being done.
 - d. Anticipation of the length of time.
 5. Communications with parents or media may be necessary.
 6. Dismissal or evacuation procedures should be done in an orderly manner (if necessary).

LOCKDOWN

In the event of an imminent emergency that requires specific **LOCKDOWN** procedures, they are as follows:

The lockdown procedures will be implemented when the building administrator has become aware of a situation in which students and staff should be kept in locked rooms within the school building. These procedures may be implemented as a result of an intruder in the building, hostage situation or a biological threat. Lockdown may be activated at any time of the day and will affect the entire building.

Lockdown-Procedures:

- **Lockdown** will be announced by intercom, public address system, or otherwise. Do not use codes. **Call 911 and report your situation. Consider a lockout for adjacent school buildings as well.**
- **Immediately** gather students from hall ways and areas near your room into your classroom or office. This includes common areas and restrooms immediately adjacent to your classroom.
- **Lock** Classroom door(s) and have students take a seated position on the floor next to the wall out of view from the door window. Stay out of sight.
- **Do Not** cover window.
- **Leave** the window blinds and lights as they are.
- **Document and Attend** to any injuries as well as possible.
- **No One** should be allowed to enter or leave a classroom or office under any circumstances.
- **Do not answer or communicate through your locked door.**
- **Do not allow anyone into your 'secured' area.**
- **Do not answer a classroom telephone.**
- **Do not respond to a Fire Alarm unless imminent signs of fire are observed. Doing so could compromise the safety of those already secured.**
- **Do Not** talk within your secured area, except only as absolutely necessary.
- **Do Not** respond to the intercom, public address system, or other announcements.
- **Take Attendance** – include additions. Missing students' last known locations should be noted. Keep this record for when you are released from the lockdown.
- **Lockdown will end ONLY when you are physically released from your room by emergency responders or other authority.***

*Responding law enforcement should have master key to conduct the release.

LOCKOUT

A “Lockout” is the response to an actual or potential threat from outside the school building. An example of such a threat might be an escaped fugitive, custodial interference, or a disgruntled employee or spouse. Where the situation warrants, the school faculty, staff, and students are aware of – but not disrupted by such a response being activated. Consequently, the school day continues as normal except for the termination of all outside activities. In some cases, the details of a lockout do not need to be shared with the students to protect the identity of the individuals involved and minimize disruption to the school.

Lockout Objectives

- To keep any threat of violence or dangerous incident out of the school building.
- To promote minimal disruption to the education process when there is a potential or actual incident outside the school building.

Lockout Procedures:

- Lockout will be announced by intercom, public address system, or otherwise. Use plain language to announce the lockout.
- If a school is in lockout because they were notified by police of a local situation, there is no need to call to advise police of the lockout. However, the school should keep the police advised of any change in status to your building.
- If the school is initiating the lockout due to a situation or potential incident discovered at the school, they should advise police of your lockout and what you may be anticipating.
- Lock all exterior doors and windows.
- All outside activities are terminated.
- Entry to the building is gained only on a one-on-one basis, and only through a locked and monitored door.
- Classes otherwise continue as normal.
- Lockout is lifted when the external threat is resolved. Notification of such resolution may be through any means appropriate for the respective building.
- Upon resolution of an incident and termination of the lockout, contact police to advise them of such.

FACILITIES AGREEMENTS

STATEMENT

Clarence Central School has adopted agreements with state, county, and other agencies as appropriate for the use of school district building facilities and vehicles during a period of natural or man-made disaster, Facility Agreements with local public and private agencies for use of their facilities on a short term basis to house staff and students have been arranged.

Arrangements for school building facilities to be used as disaster shelters are coordinated through the Greater Buffalo Chapter, American Red Cross, Department of Emergency Services. These shelter agreements authorize their use of the building facilities for any natural or man-made disaster. The use of the building facilities is not restricted to only school district staff and students, but for any group as the need and location arises.

Notification of facility use will be made by:

1. School requesting the Red Cross to provide sheltering facilities as dictated by the emergency.
2. Local, county or state agency requested the Red Cross to provide sheltering facilities as dictated by the emergency.

The Red Cross will staff the shelter and will supply materials and food as needed. If school district supplies are drawn upon during the time of the disaster, or if the building becomes damaged as a result of use or misuse, then the Red Cross will reimburse the school district.

Clarence Central School District

AGREEMENT

As a response to a natural or man-made disaster,

Zion Lutheran Church

Hereby agrees that its facilities located at:

9535 Clarence Center Road

Clarence Center, New York 14032

may be used as a temporary shelter of students attending one or more schools belonging to the Clarence Central School District.

In consideration for the granting of such permission, the Clarence Central School District agrees that the following conditions shall prevail:

- a. Notification will be given prior to student arrival.
- b. Students will be supervised by district personnel.
- c. Transportation will be notified to pick up students as soon as possible at your location.

COMMUNICATION RECOMMENDATIONS

Within Buildings

1. Use of the public address system by an administrator or his/her delegate to provide information and/or direction to staff and students.
2. If unable to use electricity or public address system failure:
 - a. If there is NO time problem, an administrator or designee may walk through the building and inform faculty, staff and students of information and directions.
 - b. Use of a personnel delegate to communicate messages from chief administrator in charge to each floor and wing of the building. There should be as few persons as possible responsible to carry messages by word-of-mouth, as the more people used, the greater the chance of students and staff receiving misinformation.
 - c. The use of strategically located portable 2-way radios/cellular phones may be used throughout the building to help speed communications and relay information using fewer persons.
 - d. Communications may be made easier if students were collected in a centralized location (auditorium, gymnasium, etc.) rather than individual classrooms.

NOTE: In case of electrical system failure, public telephones may still be operational.

Between Buildings

1. Public Telephone – use a designated extension or private line may be kept clear for emergency information between building administrators or their delegates.
2. Portable 2-way radios may be used for communication if buildings are within range of each other. Cellular phones are another option.
3. Better 2-way radio communication may be made by use of a school bus or other school district vehicle operating on the same frequency.

RECOMMENDATIONS:

1. Each school should have at least two dependable portable radios/cellular phones which have a battery back-up system with extra batteries that may be used in an emergency.
2. Each school should have at least one dependable scanner which can be programmed to emergency information frequencies (weather, police, fire). This scanner should have a battery back-up system with extra batteries.
3. Each school district should have access to a minimum of two (2) cellular phones.

D. CHAIN OF COMMAND

VARIATIONS OF EMERGENCIES AND CHAIN OF COMMAND

There are three variations of emergencies which may present themselves to a school district:

1. Emergency situation within the school district is managed by the Superintendent, unless authority is shifted to the District Emergency Coordinator.

In this situation, the Superintendent or Emergency Coordinator is in control, and makes their own decisions to remediate the situation.

2. Emergency incident within the school district which requires the assistance of an outside agency.

When the Fire Department is called by the school district, then the fire chief or ranking officer is in charge. The school district planning committee should then act as a resource and coordinating agency within the school district.

When a law enforcement agency is called by the school district, the building administrator remains in charge. However, the law enforcement agency's recommendations should be fully complied with.

3. Emergency incident at local, county, state or national level where notification of the school district of the emergency is done from outside sources.

In the event of a large scale emergency, the outside coordinating agency (most likely the county) will be in charge and again the school district emergency coordinator and planning committee will act as a resource and coordinating agency within the school district.

DUTIES OF DISTRICT-WIDE INCIDENT COMMAND AND OPERATIONS STAFF

Incident Commander (IC)/Chief Emergency Officer <i>(Superintendent)</i>	Develop Incident Action Plan (IAP). Has overall responsibility at the incident or event. Sets objectives and priorities based on agency direction.
Deputy Incident Commander <i>(Superintendent Designee)</i>	Supports the Incident Commander in any capacity needed. For long term or large scale incidents, may act as Incident Commander during break periods/ rest periods.
Public Information Officer (PIO) <i>(Superintendent/Designee)</i>	Is the primary point of contact during an incident. Will work in conjunction with law enforcement and emergency services and public information officer at press briefings. ALL media contact will be through this individual.
Liaison Officer <i>(Director of Facilities, Building Principal)</i>	Will be the agency representative with outside agencies responding to the emergency event. Keeps Incident Commander informed of situation status.
Operations Officer <i>(Building Principal, Director of Facilities)</i>	Develops tactical organization and directs all resources to carry out the Incident Action Plan (IAP).
Logistics Officer <i>(Director of Facilities, Building Principal)</i>	Provides resources and all other services needed to support the incident.
Planning Officer <i>(Superintendent/Designee)</i>	Develops the Incident Action Plan to accomplish the objectives. Collects and evaluates information, maintains status of assigned resources.
Finance/Administration <i>(Business Official)</i>	Monitors costs related to the incident/event. Provides accounting, procurement, time recording, cost analysis and overall fiscal guidance for the incident/event.

BUILDING LEVEL RESPONSE TEAM ROLES DEFINED

Primary Operations Administrator	Building Principal/Designee
Communications Liaison	Send and receive messages to and from outside personnel as needed by principal and other listed coordinators.
Emergency Services Liaison	Meet and coordinate first aid and other medical services.
Evacuation Site Coordinator	Sending site coordinator who will prepare to release the students to the new location and oversee the operations on this site until the main site is closed down and the Primary Operations Administrator arrives at the alternate site location.
Parent/Guardian Liaison	Handles all communications with parents and oversee the release of students after all attendance procedures are completed at the alternate site.
Site Management Attendance Coordinator	Assists in the attendance accounting for all students and adults at the alternate site before the release of any students. He/she will be assisted by the attendance personnel when they arrive from the primary site.
Transportation Coordinator(s)	Will receive and direct the buses when they enter the primary site to remove the students to the alternate site. The bus numbers and designations will be communicated to the primary site office or its alternate location for announcement to the teachers for dismissal and loading.
Mechanical Services Liaison	Assists the emergency services personnel locate key information and gain access to all parts of the primary site. He/she will secure the site after all intended personnel are relocated off the primary site.
Off-Site Emergency Coordinator(s)	Arrive at the alternate site before the arrival of the students and prepare the site for their arrival. Identify key areas which need to be opened and made ready. Make provisions for the other key personnel who will assist in the accounting and communication duties required to care for and later release the students to their parents. They will remain in charge of the alternate site until the arrival of the Primary Operations Administrator or the Evacuation Site Coordinator at which time they will support these personnel in their duties.
Other Personnel	Will assist in the accounting process and maintenance of order.

PUBLIC INFORMATION/ MEDIA NOTIFICATION PLAN

As media personnel arrive to cover a story, they should be directed to a media staging/reception area and should not be allowed to interview students without expressed permission.

Media Site Selection

Several factors should be considered when selecting a site to which the media can go and from which information will be dispensed:

| Physical Space: | Select a room or area that will accommodate a media conference attended by several news agencies and school support staff. |
| Containment: | Ensure the site does not permit access by the media to the Command Post or student population. |
| Necessary Accommodations: | Choose a location that permits direct access to rest rooms and telephones and has sufficient electrical outlets and space for equipment. |

Dissemination of Information

The Superintendent of Schools, or designee, will act as the Public Information Officer (P.I.O.) or Media Coordinator to work with the media during a crisis. The individual assigned this duty assumes responsibility for organizing the details.

During the crisis the Public Information Officer, P.I.O./Media Coordinator should greet reporters, direct them to the media staging area where they will be provided a news conference or press release.

Recommended Policy

The School District Superintendent will assign the P.I.O. or Media Coordinator for the district.

If there is a police or emergency service presence, release of information will be coordinated with the information officers from those agencies.

The P.I.O. for police, emergency services, and the school district will act as liaison to the media and coordinate press conferences and media deadlines.

Confidentiality and privacy issues regarding the identity of juveniles, staff members, and their involvement in a particular situation must be monitored very closely to prevent unauthorized disclosure of information.

The school district, police, and emergency services have an obligation to keep the media aware of significant developments as long as the investigation, actions, and/or locations are not compromised or parents/spouses are not unnecessarily alarmed.

Announcing to the media that only one person will be releasing information usually will prevent attempts to obtain information by circumventing the authorized channels.

If an arrest results from the situation, the police agency should coordinate this announcement through the school district spokesman and school superintendent so necessary steps can be taken by the school to prepare the faculty, students, and parents.

Tips for the P.I.O.

Ensure all media inquiries are routed to one person or office.

Prepare an official statement about the crisis and action being taken. Include information to answer the basic who, what, when, where, why, and how questions.

Do not reveal names of students or employees involved in the incident, without prior approval from the responding police, emergency services, and the school's legal department.

When responding to the media, use the prepared official statement as your guide.

Distribute the prepared statements to teachers, staff, and students, and ensure that they are given accurate and consistent information.

P.I.O. Guidelines

Be brief.

Avoid providing superfluous information or using professional jargon.

Do not appear to be concerned mainly about the schools reputation.

Anticipate questions, especially on potentially controversial issues.

Keep calm. Show sensitivity to the seriousness of the matter, but do not overreact.

Answer one question at a time and answer only the question that is asked.

Do not treat anything as "off the record."

As official spokesperson, do not hesitate to say, "I don't know" or "I will have to get back to you."

Do not reply "no comment." This infers that information is being withheld.

Ignore abrasive comments made by reporters and maintain a professional attitude.

Provide updates to the media as events unfold, even after the initial crisis is handled.

Remember to follow up when information is available; bear in mind that the public has a right to know and understand what has happened.

E. PROCEDURES FOR ANNUAL MULTI-HAZARD SCHOOL TRAINING FOR STAFF AND STUDENTS

The Clarence Central School District will ensure that Annual Multi-Hazard Training is made available to staff and students. The annual submission to NYSED of the school district's PDP (Professional Development Plan) will include allocated training blocks for anti-violence and multi-hazard training. Students and staff members will receive written information at the beginning of the regular school year summarizing the schools basic hazard plans and the availability of additional information and participation for those who desire. The Clarence Central School District will work cooperatively with emergency management and law enforcement officials to ensure training is effective and appropriate, as well as consistent with local municipal disaster plans.

Additional examples of training or awareness refreshers that may be performed include:

- Evacuation Procedures
- Hold In Place/Sheltering Procedures
- Lockdown Procedures
- Lockout Procedures
- Medical/AED Emergencies Refreshers
- Emergency Response Team Instruction or Rehearsal
- Communication Training & Validation
- Transportation Emergencies
- Public Information Scenarios
- Early Dismissals/Non-Scheduled Parental Release
- Reviewing the Roles & Responsibilities of the Emergency Chain of Command Implementation

F. PROCEDURES FOR THE REVIEW AND CONDUCT OF DRILLS AND OTHER EXERCISES TO TEST THE COMPONENTS OF THE PLAN.

The Clarence Central School District, in coordination with local and county emergency responders, will conduct and review drills that are components of the Comprehensive District Wide Multi-Hazard Plan. The Clarence Central School District will annually prioritize and schedule drills in conjunction with local and county officials. At the completion of any scheduled drill, the Clarence Central School District and local and county emergency responders will conduct an after action review of the sequence of events, and will update the Multi-Hazard Plan to reflect lessons learned.

After Action Reviews (AAR) should include perspectives from representatives of all exercise participants, with emphasis on community responders and subject matter experts. A properly conducted AAR will seek to document three important aspects of the event/training. The three aspects should include:

1. What went well? Positive reflections of the good things that happened (things to reinforce).
2. What needs improvement? Reflections upon the things that will require additional improvement and practice.
3. Identify the important issues or key aspects of any given event or drill. Individuals should be encouraged to offer a potential course of action when identifying deficiencies.

Events that should be reviewed for lessons learned may include:

- Evacuation / Fire Drills
- Sheltering Drills
- Lockdown Drills
- Lockout Drills
- Medical / AED Emergencies Refreshers
- Emergency Response Team Instruction or Rehearsal
- Communication Checks / Validation
- Transportation Emergencies
- Public Information Releases (Actual or Notional)
- Early Dismissals / Non-scheduled Parental Releases
- Any event that requires the deployment of local emergency response personnel (i.e. Fire Alarm, Ambulance Call, Arrest on Campus).

1. In the event of imminent danger due to a natural or man made disaster, the facility will be notified by phone or intercom. Staff and students will be notified to take cover.
2. Staff and students should be directed to the designated shelter areas. These could include: basements and hallways on the ground floor that are not parallel to the tornados path, which is usually from the southwest.
3. **Never** use gymnasium, auditorium, or other rooms with wide, free-span roofs.
4. Teachers and students **should know** their designated shelter areas.
5. Children in school rooms of weak construction, such as portable or temporary classrooms, should be escorted to sturdier buildings or to predetermined ditches, culverts, or ravines.
6. When staff and students are assembled in school basements, interior hallways or ditches, culverts or ravines they should assume the proper position. This position is everybody down; crouch on elbows and knees; and hands over back of head.
7. School Bus Drivers should be instructed to use the procedures stated in #5 and #6. If their bus is caught in the open and a tornado is approaching. They should be far enough away so the bus does not topple on them.

BOMB THREAT GUIDELINES

General

- A bomb threat, even if later determined to be a hoax, is a criminal action. No bomb threat should be treated as a hoax when it is first received.
- The decision whether or not to evacuate is dependent upon information received in the threat, and how credible that information is.
- Two alternatives to evacuation are *compartmentalization* and *pre-clearance*.
 - Compartmentalization relies on students remaining in their present locations while school administration and authorities assess and investigate the threat. Variations of compartmentalization – such as moving certain segments of the school population based upon new or developing information – can also be utilized in an effective response.
 - Pre-clearance relies on anticipating a threat, and conducting pre-clearance and security screening. (see page 3).

Receiving Bomb Threats

Written Threats

- Contact Police (911)
- Anyone receiving a written bomb threat must immediately notify the school building administrator.
- Handling of written bomb threat should be kept to an absolute minimum, since it may be used as evidence in a criminal investigation.
- Fingerprints may be taken from the note to help determine its source.
- A threat written on a bathroom wall, mirror, or stall should not be removed until it is viewed or documented (photographed) by law enforcement.

Telephone or Other Verbal Threats

- Contact Police (911)
- Anyone receiving a written bomb threat must immediately notify the school building administrator.
- The **NYSP Bomb Threat Instruction Card** should be placed next to telephones that are most likely to receive such calls.
- The bomb threat caller is the best source of information about a possible bomb.
- It is desirable that more than one person listens in on the call.
- Persons likely to receive a threatening call (switchboard) should receive special training and have a list of emergency agency telephone numbers available, as well as the telephone numbers of school officials to be immediately contacted.

BOMB THREAT GUIDELINES (Con't.)

- If possible, the telephone threat should be taped.
- Caller identification or other types of tracing devices should be considered.

Information to be asked of the caller includes:

- Where is the bomb located?
 - When will the bomb go off?
 - What does the bomb look like?
 - What kind of explosive is involved?
 - Why was the bomb placed?
 - What is your name? (The caller may be caught off guard and give you his or her name).
- Also note: time of call; language used by caller; gender; approximate age; speech characteristic (slow, fast, soft, disguised, intoxicated); noticeable background noise (music, motors running, street traffic).

Suspicious Packages

- Contact Police (911).
- Anyone receiving a suspicious package must immediately notify the school building administrator.
- Mail bombs can be contained in letters, books, and parcels of varying sizes, shapes, and colors.
- Letter bombs may feel rigid, appear uneven or lopsided, or are bulkier than normal.
- The container is irregularly shaped, asymmetrical, and has soft spots and bulges.
- There may be oil stains on the wrapper. The wrapper may emit a peculiar odor.
- The package may be unprofessionally wrapped and be endorsed with phrases such as "Fragile – Handle with Care," "Rush – Do Not Delay," "To Be Opened in the Privacy of ___," "Prize Enclosed," or "Your Lucky Day is Here."
- There may be cut and paste lettering on the address label.
- The package may have not postage or non-cancelled postage.
- The package may exhibit protruding wires, foil, string, or tape.
- The package may emit a buzzing or ticking noise.
- A suspect letter or package may arrive immediately before or after a telephone call from an unknown person asking if the item was received.

BOMB THREAT GUIDELINES (Con't.)

- o **Do not open** or squeeze the envelope or package.
- o **Do not pull** or release any wire, string, or hook.
- o **Do not** turn or shake the letter or package.
- o **Do not** put the letter or package in water or near heat.
- o **Do not** touch the letter or package, thereby compromising fingerprint evidence.
- o **Do** move people away from the suspected envelope or package.
- o **Do** notify the state and/or local police (911).
- o **Do activate your emergency plan for dealing with bombs.**

Investigating Bomb Threats

- Appropriate law enforcement agencies must be notified.
- Be aware of availability and limitations of specialized emergency services- including bomb squads, hazardous materials management, county, and state emergency management agencies.
 - o Be aware that law enforcement agencies generally do not initially send out bomb sniffing dogs.
 - o Bomb sniffing dogs have a limited time of efficiency so that their use is carefully considered.
- The school district administrator makes the decision regarding evacuation, continuation, or dismissal of school – first responders can assist and consult with them to make their decision (joint decision making – unified command).
- Police may enlist the assistance of the school faculty/staff who are familiar with the building and can recognize objects that do not belong or are out of place.
- Scanning does not involve touching or handling a suspect object.
- Once the incident has been resolved and no longer poses a danger, a full threat assessment inquiry should be conducted on the person making the threat if one is identified.

PRE-CLEARANCE AND SECURITY SCREENING IN LIEU OF EVACUATION (DURING TESTING)

- It is strongly recommended that school officials carefully coordinate this option in cooperation with local law enforcement officials.
- This option may only be implemented prior to the receipt of an actual bomb threat,

And

- Only after building and grounds have been “cleared” at the start of the day and continually monitored throughout the day.

BOMB THREAT GUIDELINES (Con't.)

- This option may be appropriate when a school reasonably anticipates the receipt of a bomb threat or if there is a particular concern over the possibility of a bomb threat. (During the administration of Regents examinations or during other school-wide events).

School Employee Involvement

- Schools may form teams of volunteers from administration, faculty, and staff to assist in sweeping a building or grounds for anything that looks out of place.
- Prior to an incident, school officials should make certain that people who volunteer in the school building, such as parents or other community members, are trained and aware of their responsibilities.
- School employees who volunteer or by job duty are assigned to assist, should have access to building keys, floor plans, and information about shut-off valves for heat, electricity, water, and ventilation (HVAC).

Threat reported to principal

Assemble school threat assessment team

- Conduct threat assessment – assign a central point of contact
- Include School Resource Officer (SRO) if one exists, otherwise consult law enforcement
- Immediately ask “How much time do we have?”
- Decide how to handle a “student of concern” pending the outcome of the threat assessment (should allegations be unfounded)
- Revisit/revise threat assessment plan if necessary

Evaluate threat

- Utilize an “integrated systems approach” relying on information from all who have interaction with the student
- Consider facts that drew your attention to the student, situation, and target-obtain first-hand, specific accounts of the threat by interviewing recipients, witnesses, and student who made the threat-document/photograph/record all
- Establish/maintain contact with the student
- Obtain/consider information about the student-identifiers, background information, current life situation and circumstances
- Consider the circumstances in which the threat was made, student’s intentions, motives, and target selection

Decide whether threat is clearly *transient* or *substantive*

- Is there information to suggest that this student is on the path to an attack?
- Has any pre-attack behavior been identified?
- Is the student engaging in behavior that indicates furthering a plan or building capacity for a violent attack?
- Consider whether the student *poses* a threat, or simply *made* a threat
- Has the student broken a law?- → Contact law enforcement

Threat is clearly transient

Respond to transient threat

- School discipline, parent notification, and counseling

Threat is substantive or threat meaning is unclear

Decide whether substantive threat is plausible or imminent

Plausible

Respond to plausible threat

- Take immediate precautions to protect potential victims
- If threat involves a possible crime contact law enforcement
- Notify potential victim, and victim’s parents/guardians (if victim is a student)
- Notify “student of concern’s” parents/guardians
- Connect student to services and support systems
- Discipline student as appropriate

Imminent

Respond to imminent threat

- Immediately contact law enforcement
- Take immediate precautions to protect potential victims
- Execute appropriate emergency response (lockdown, lockout, shelter-in-place) if necessary
- Notify “student of concern’s” parents/guardians
- Initiate mental health evaluation procedures
- Discipline student as appropriate
- Be cognizant of items of an evidentiary nature that may be needed in a possible criminal prosecution

Response Action:Person(s) Responsible:

- | | |
|--|---|
| 1. Summon help or request someone call for help | 1. First person on scene |
| 2. Identify the stricken person | 2. First person on scene, trained medical personnel |
| 3. Protect the injured or ill person from further injury | 3. First person on scene, trained medical personnel |
| 4. Comfort the victim and administer first aid, if necessary | 4. Trained medical personnel |
| 5. Assess the need for further medical attention | 5. Trained medical personnel |
| 6. Notify Building Administrator | 6. Trained medical personnel |
| 7. Notify parent or guardian | 7. Building Administrator |

RECOMMENDATIONS:

In each case, the guiding principles are to provide appropriate emergency care until competent medical or parental care is secured. Emergency care is not authorized beyond proper first aid. First aid is treatment such as will protect the life and comfort of the victim until authorized medical treatment is available or, in the case of a student, until the child is placed under the care of the parent or guardian.

Signed instructions for emergencies from parents, guardians and from school personnel should be on file in the school medical office and the school main office. These signed statements should include the name and age of the person (pupil or employee) name, address and telephone number where one or both parents may be reached at home and at work; name, address and telephone number of another person who has agreed to care for the child if the parent cannot be reached; name, address and telephone number of the family physician (or Christian Science practitioner), family dentist, and preferred hospital; written authorization from the parent for school personnel to call the physician or hospital in serious emergencies when the parent cannot be reached; religion of the victim; and any special condition which should require special handling.

STUDENT MENTAL HEALTH EMERGENCY RESPONSE

GENERAL GUIDELINES

1. Any teacher or staff member who has any reason to believe that a student may be a threat to him or herself, or who receives a report from any source that a student may be a threat to him or herself will immediately contact an administrator. The District will supervise the student until the student is released to a parent, guardian, or person in parental relation to the student, or an appropriate professional.
2. The administrator will immediately refer the matter to the Student Support Services Team and contact the parent, guardian, or person in parental relation to the student.
3. The SSST will conduct a lethality assessment and identify the appropriate action or actions to be taken based on the assessment results.

POTENTIAL FURTHER RESPONSE ACTIONS BY THE DISTRICT

1. Refer the parent, guardian, or person in parental relation to appropriate resources or agencies for support and assistance.
2. Secure permission from parent, guardian, or person in parental relation to share information or documents with the mental health care provider to further assist the student.
3. Provide support to the student. Assist him or her with re-entry.
4. If a parent, guardian, or person in parental relation refuses to respond to the child's threat to him or herself, the District may contact Child Protective Services or local law enforcement.
5. Complete any required paperwork, including any incident reports.
6. Maintain confidentiality as required by law or best practices.

PARENT(S)/SPOUSE(S) AND RECEPTION CENTER NOTIFICATION PLAN

Utilize telephone lists or television and radio media to notify parents and spouses of an emergency involving an occupied school facility.

Designate a reception center at a location away from the incident. Provide this information during the notification process.

Several factors should be considered when selecting a reception center. They are as follows:

Physical Space:	Select a site that will accommodate a large influx of people to include parents and/or spouses and district representatives.
Containment:	Ensure that the site does not permit access by the media and is isolated from the Incident Command Post (I.C.P.), Emergency Operation Center (E.O.C.), and student body.
Necessary Accommodations:	Select a location that permits direct access to rest rooms and telephones and allows for the serving of refreshments. Several rooms should be made available for grieving family members and counseling sessions.
Support Personnel/ Agencies:	If the situation warrants, station counselors, members of the clergy, medical personnel and Critical Incident Stress Debriefing Team at the reception center. A law enforcement/emergency services representative should be at the site also.
Dissemination of Information:	The Superintendent of Schools should assign, in advance, a staff member as the liaison/information specialist to work with the parents/spouses during a crisis. The individual assigned this duty must assume responsibility for arranging the details and providing accurate, up-to-date information regarding the incident.

EMERGENCY CLOSINGS

The superintendent is empowered to close the district schools, delay the opening, or to dismiss students early in the event of hazardous conditions, including weather, which threaten the safety of students.

In making the decision to close schools, either the superintendent or his/her designee shall consider many factors, including the following:

- 1) The availability of parent(s)/guardian(s) to receive the student at home in the event schools should be dismissed early.
- 2) The health and safety of students remaining in a school environment.
- 3) Weather conditions, both existing and predicted.
- 4) Driving and traffic conditions affecting public and private transportation facilities.
- 5) Continuance or discontinuance of the operations of business, commercial and professional people in the area.

Facts will be assembled from the appropriate agencies and organizations before any decisions are made. For example, the Highway Department, Police Department, Weather Bureau, transportation companies and other governmental agencies, as needed, will be called.

Following the decision, communications will begin for the total notification of the students and staff. Either the superintendent or his/her designee shall notify the public media. Employees should listen to broadcasts beginning at 6:00 o'clock a.m. Any employee who is doubtful about reporting should contact his/her immediate supervisor.

Delayed School Plan

When it appears likely that weather and/or street conditions will improve later in the morning, a "delayed school opening" announcement may be made to the public. Employees shall make an effort to report to their assignment at the regular starting time.

"A" Schedule (One hour delay in all school starting times):

All schools will begin one hour later than normal starting times and dismiss at regular time.

"B" Schedule (Two hour delay in all school starting times):

All schools will begin two hours later than normal starting times and dismiss at regular time.

EMERGENCY CLOSINGS – Continued

Early Dismissal School Plan

When a sudden, unanticipated emergency condition, including weather alert, arises after school has commenced, and it is deemed appropriate to close schools and offices, the following actions will be followed:

- 1) The media will be called and the public will be informed of the decision.
- 2) Schools will be dismissed with dismissal time arranged to parallel the arrival of buses. No staff member may leave his/her assignment until all students have left the building (unless authorized to do so by the principal).
- 3) Elementary students can be released to the custody of their parent/guardian or another designated adult.

Staff Assignments

The superintendent is responsible for the effective operation of the school district at all times. Under Education Law, Sections 1711 and 3012, the superintendent is empowered to require certain groups of employees to work while other employees are not required to work because the absence of students reduces the productivity of these employees.

When schools are officially closed for students due to inclement weather or other emergency conditions:

- 1) In general, school-based personnel will not report with the exception of the building plant operators, custodians, maintenance, and janitorial staff, as per negotiated agreement.
- 2) The Superintendent of Buildings and Grounds, the transportation supervisor and the superintendent will report to work, along with other designated employees.
- 3) Principals will remain responsible for security of their schools and for seeing that the building and grounds are made as ready as possible for school on the next scheduled day.

Parent/Guardian Notifications

Principals have the responsibility to urge parents/guardians to make plans for the emergency supervision of their children should an all-day closing, a delayed opening, or an early closing of school be necessary.

Radio announcements or telephone trees may be used to notify staff members.

The Clarence Central School District recognizes the importance of good communication among students and between students and staff and encourages the school community to strive for improvement at all times. Sharing information is the first line of defense in keeping our schools safe. It is vital that our students understand that reporting information about potential problems is a way of preventing harm to another. Reporting concerns that may impact on the safety and health of others is the responsibility of the entire Clarence Central School District community.

Short-term and long-term strategies to bettering communication and preventing violence in our schools include:

- Set clear expectations for students, and communicate these standards to students, staff and parents.
- Pay attention to what students are saying
- Peer listening and mediation
- Develop identification and reporting procedures to record students who show signs and symptoms of violent behavior
- Encourage communication among parents, students, staff and community members about any concerns to appropriate resource people in schools and communities
- Foster collaboration among, home and community for peaceable schools
- Train staff to listen and question effectively

APPENDIX 3 SPECIAL PATROL OFFICER AGREEMENT
(ATTACHED)

**AGREEMENT BETWEEN THE CLARENCE CENTRAL SCHOOL DISTRICT
AND THE TOWN OF CLARENCE FOR THE PROVISION OF
SPECIAL PATROL OFFICER SERVICES**

This **Agreement**, by and between the CLARENCE CENTRAL SCHOOL DISTRICT ("District") and the TOWN OF CLARENCE, NEW YORK ("Town") (collectively referred to as "the Parties," and individually referred to as "Party").

WHEREAS, the District is desirous of retaining the services of a part-time special patrol officer in an effort to enhance the security of District students, staff, visitors and property, to deter criminal behavior and otherwise benefit the student population through positive interactions between students during school hours, and to otherwise perform duties traditionally associated with a school resource officer to the extent permitted by law; and

WHEREAS, the Town is desirous of providing such services to the District, in order to benefit the District's student population as well as the community at large; and

WHEREAS, the Parties have considered and discussed the terms upon which this program will be implemented, and have agreed upon the terms set forth herein for that purpose;

NOW THEREFORE, in consideration of the mutual promises and covenants herein contained, the Parties hereby agree as follows:

1. **Term.** The term of this Agreement shall commence on October 2, 2017 (the "Effective Date").
2. **Termination.** This Agreement may be terminated with or without cause at any time by either Party, in its sole discretion, upon a ninety (90) day written notice to the other Party.
3. **Compensation and Costs.** The Town, as more fully set forth below, shall appoint and employ a special patrol officer pursuant to N.Y. General Municipal Law Section 209-v ("Section 209-v"). The Parties affirm that the intent of this Agreement is to have the special patrol officer perform duties which include those traditionally associated with a school resource officer, to the extent permitted by law including Section 209-v. The Town shall be solely responsible for paying the SPO's salary, and providing the SPO with any other compensation and employment benefits (all of which must be approved in advance by the District), as well as paying required payroll taxes and other payments on behalf of the SPO (including FICA, any required contributions to the state retirement system, as well as the cost of Workers' Compensation and Unemployment coverage). The Town shall, on a quarterly basis, submit an invoice to the District for the total accrued amount of all such payments made to or on behalf of the SPO during that quarter. The District shall pay the invoice amount within fifteen days of receipt. The Town acknowledges and agrees that the SPO is not eligible to participate in any District pension or fringe benefit program, such as vacation pay, sick pay, or health insurance that is provided to District employees.

4. **The Duties of the Town.**

- 4.1 The SPO shall be assigned to the District, and shall be expected to work a regular schedule
- 4.2 The SPO may leave school grounds during scheduled working hours to handle law enforcement emergencies, attend required training, or to perform duties that arise in the course of the SPO's services under this Agreement. The SPO shall provide notice to the Superintendent of Schools as soon as practicable, and in advance if possible, of any such obligations.
- 4.3 The SPO, if required to work beyond the standard work day, including for security, sporting events and other special projects, he shall then be permitted to flex his time to account for such additional hours upon notice to and approval of the Superintendent.
- 4.4 The Town shall provide the SPO with appropriate uniforms and badges, as well as with an appropriate vehicle with law enforcement markings.

5. **The Duties of the SPO.** The SPO shall perform the following duties under this Agreement, as directed by the District, to the extent permitted by law including Section 209-v:

- 5.1 The SPO shall undertake appropriate efforts to ensure the safety and security of District property and persons on such property.
- 5.2 The SPO shall act as an educator, a counselor, and a school resource officer.
- 5.3 The SPO shall act as an instructor for specialized, short-term, programs at the District, when invited to do so by the principal or a member of the faculty.
- 5.4 The SPO shall make presentations to the District faculty and students on law-related topics. Such subjects shall include a basic presentation on laws, the role of police officers, and the police mission.
- 5.5 The SPO shall coordinate his or her activities with the Superintendent of Schools and staff members as identified by the Superintendent, and will seek permission, advice and guidance prior to undertaking any program in the District.
- 5.6 The SPO shall encourage individual and small group discussions with students regarding material presented in class to establish rapport with the students.
- 5.7 The SPO shall make himself available for conferences with students, parents and faculty members in order to assist them with law enforcement or crime prevention matters.

- 5.8 The SPO shall become familiar with all community agencies that offer assistance to youths and their families, such as mental health clinics, drug treatment centers, etc.
- 5.9 The SPO shall assist the District in developing plans and strategies to prevent and/or minimize dangerous situations which may occur in school or during school sponsored events.
- 5.10 The SPO shall take law enforcement action as required to the extent that a special patrol officer may do so under the authority of law. As soon as practicable, the SPO shall make the Superintendent of Schools aware of such action. At the Superintendent's request, the SPO shall take appropriate law enforcement action against intruders and unwanted guests who may appear at the school and related school functions, to the extent that the SPO may do so under the authority of the law. Whenever practicable, the SPO shall advise the Superintendent before requesting additional police assistance on school property or at school sponsored events.
- 5.11 The SPO will assist other police officers and law enforcement representatives in matters regarding this Agreement, whenever necessary.
- 5.12 The SPO shall maintain detailed and accurate records of the operation of the SPO Program, and shall make them available to the Superintendent of Schools as required by law, or upon request.
- 5.13 The SPO shall not act as a school disciplinarian. However, if the Superintendent believes an incident involves a violation of the law, then the Superintendent may contact the SPO and the SPO shall then determine whether law enforcement action is appropriate. The SPO is not to be used for regularly assigned lunchroom duties, hall monitoring, bus duties or other monitoring duties. If there is a problem in one of these areas, then the SPO may assist the school until the problem is solved.
- 5.14 The SPO will provide his own firearm, which shall be approved by the Town and the District. The SPO shall also be responsible for maintaining qualification to use the firearm, and shall immediately notify the Town and the District if such qualification lapses.

6. Duties of the District.

- 6.1 The District shall provide to the SPO the following materials and facilities, which are deemed necessary for the performance of the SPO's duties:
 - 6.1.1 Access to a properly lighted office, which shall contain a telephone and which may be used for general business purposes;
 - 6.1.2 A location for official files and records which can be locked and secured;

- 6.1.3 A desk with drawers, a chair, work table, filing cabinet and office supplies;
- 6.1.4 Access to a computer with e-mail and internet capability;
- 6.1.5 Gas for the Town-provided vehicle referenced in Section 4.4 above; and
- 6.1.6 A radio and mobile phone for use in performing duties under this Agreement.

7. **Independent Contractor.** The relationship between the District and the Town is that of an independent contractor.

8. **Federal, State, and Local Taxes.** Consistent with its status as an independent contractor, the Town agrees that it, and not the District, shall be responsible, where appropriate, for: (1) Withholding FICA (Social Security and Medicare) taxes from the SPO's compensation or making FICA payments on the SPO's behalf; (2) Making federal or state unemployment insurance contributions on the SPO's behalf; (3) Withholding federal, state, or local income tax from the SPO's compensation or paying such taxes on the SPO's behalf. The Town represents, warrants, and agrees that it will timely pay all federal, state, and local income taxes, FICA taxes, federal and state unemployment insurance contributions which arise in connection with the SPO's provision of services under this Agreement.

9. **Workers' Compensation.** The Town acknowledges that the SPO will not be entitled to workers' compensation or disability insurance coverage under the District's policies. The Town will cover the SPO with workers' compensation and any other similar coverage required by law, the cost of which shall be reimbursed by the District. The Town will provide the District with proof of such coverage upon request, before the SPO begins performing services under this Agreement.

10. **Unemployment Insurance.** The Town acknowledges that the SPO will not be entitled to unemployment insurance benefits from the District. The Town agrees that it will cover the SPO with unemployment insurance coverage and any other similar insurance required by law or benefits provided under the terms of the Town's unemployment insurance program, the cost of which shall be reimbursed by the District.

11. **Appointment of the SPO.** The SPO must possess relevant job knowledge, experience, training, education, and have the appropriate appearance, attitude, communications skills and bearing. The SPO must be legally eligible to be appointed and to serve as a special patrol officer. The Town shall solicit candidates for appointment to SPO, and shall conduct the process of interviewing and screening candidates. The District shall have the right to have a representative present during the interview, screening and selection process, and shall have the right of final approval over the individual so appointed by the Town as SPO. The implementation of this Agreement is specifically contingent upon the Erie County Department of Personnel, or any other applicable civil service entity with jurisdiction, approving the appointment of the SPO pursuant to Section 209-v.

12. **Termination and Replacement of the SPO.** In the event that either the Town or the District believes that the SPO is not effectively performing his duties and responsibilities, it shall promptly notify the other. The Parties shall then confer to determine whether to (a) terminate the appointment of the SPO and appoint another individual to serve as SPO, or (b) terminate this Agreement. If the Parties are unable to reach agreement under this section, then this Agreement shall terminate 30 days after provision of the notice referred to herein.

13. **Good Faith.** The District, the Town, and their respective agents and employees, agree to cooperate in good faith in fulfilling the terms of this Agreement. Unforeseen difficulties or questions will be resolved by negotiation between the Parties.

14. **Modification.** This document constitutes the full understanding of the Parties and no terms, conditions, understandings or agreement purporting to modify or vary the terms of this document shall be binding unless upon mutual written agreement by the Parties.

15. **Severability.** In the event any provision of this Agreement shall be or become invalid under any provision of federal, state or local law, such invalidity shall not affect the validity or enforceability of any other provision hereof.

16. **Hold Harmless.** The Town agrees to indemnify and hold harmless the District, its officers, Board of Education members, employees, agents, contractors and representatives, from any and all liability, damages, fines, or judgments, (including those based on negligence) which may arise as a result of the Town's acts and omissions in the performance of this Agreement or violation or breach of any promise, representation, or the law. The District agrees to indemnify and hold harmless the Town, its officers, Town Board members, employees, agents, contractors and representatives, from any and all liability, damages, fines, or judgments, (including those based on negligence) which may arise as a result of the District's acts and omissions in the performance of this Agreement or violation or breach of any promise, representation, or the law.

17. **Entire Agreement.** This constitutes the entire agreement of the Parties hereto and all previous communications between the Parties, whether written or oral, with reference to the matter of this Agreement, are hereby superseded.

18. **Compliance with Laws.** The services to be provided by the SPO pursuant to this Agreement shall be in all respects consistent with applicable law, and the terms of this Agreement shall be interpreted and applied consistent with applicable law. By their signatures below, the Town Supervisor and Superintendent of Schools represent and certify that this Agreement has been approved by resolution of the Town Board and the Board of Education, respectively.
