YOU DURING THIS UPCOMING
SCHOOL YEAR!

IMPORTANT INFORMATION!

- If your student is sick, please keep them at home. Please contact the nurse if you are unsure whether or not to send your student to school.
- Students must get permission and a pass from a teacher/staff member to come down to the Health Office during school hours.
- Once the student has arrived, the nurse will assess the student and make a decision on whether or not the student should stay in school or be sent home.
- Students are not permitted to text their parents during school hours to be picked up if they are not feeling well. They **MUST** come to the health office first and then the NURSE will call the student's parent or guardian on file if necessary.
- Students with fevers must be fever free for 48 hours without the use of fever-reducing medications before returning to school.
- Sometimes injuries happen at school. Should this occur, parents will be contacted by the school nurse. Feel free to follow up with the nurse should additional questions arise.
- All medication must be brought in by parents with a doctor's note. This includes over the counter meds.
- Students may only carry inhalers, Epi-pens and diabetic supplies. The student needs a medication order from the doctor that says they may self carry.
