Dear Clarence Middle School Families,

We continue to experience non-credible threats made here in school. We appreciate the students and parents who contact us to provide details so that incidents are properly investigated and addressed quickly. As a reminder, [this](#) information was sent out in December regarding our general process for handling school threats which include threat assessments, working with our School Resource Officer, and disciplinary actions.

I recognize these types of communications can be unsettling. We want to emphasize that we take all issues involving the health and safety of our school community very seriously.

Finally, I would ask that you remind your student(s) about the importance of making safe decisions when on school grounds and transportation. Please encourage them to report concerns to a trusted adult. Thank you for the trust you place in our school and know that our first priority is always keeping kids safe.

Sincerely,

Ashley Dreibelbis
