

# Clarence Central School District

---

**Dear Parents & Guardians:**

Due to the community being in an “orange zone” and the high rate of Covid positive cases, our district must convert to remote learning. Your child’s health and wellbeing are very important to us as well as providing assistance to your families during this troubling time.

Breakfast and Lunch meals will still be available free of charge for all children in the community age 18 and under. They will be distributed between 10:00 am and 1:00 pm on scheduled school days at Clarence High School. Please drive up to the high school main entrance and the meals will be brought to your vehicle. All we will need is your child’s name, school and how many meals you need.

In cases of hardship, delivery of meals is available. Please contact me at 716-407-9095 or email me at [JDibartolomeo@ClarenceSchools.org](mailto:JDibartolomeo@ClarenceSchools.org) for more information.

Thank you,

*Joan DiBartolomeo*
