Concert Etiquette

Please follow these guidelines
for appropriate concert behavior:

1. Arrive on time.

If you are late, please wait until the end of the selection before entering the hall so that latecomers trying to find a seat will not distract the performers and other audience members.

2. Listen quietly while the performance is taking place.

Performers and audience members should never be distracted by unnecessary talking and movement.

3. Applause at the end of a performance.

Applause should be used only at the completion of a piece of music and that is generally indicated when the conductor's arms are dropped to the side.

4. Please do not wave or call out to performers.

Students have worked hard for weeks to prepare for performances. Please do not distract them with improper concert behavior. Applause, as noted above, is the best way to thank the performers.

5. Stay for the entire performance and wait until the end of the selection to leave.

If there is an emergency and you must leave before the final performance, please wait until there is a break in the program.

Please silence your cell phones.
